

### PAK-IT™ INSPECTION STAMPS

Our **Pak-It Inspection Stamps** are the accepted standard in quality control. The die is a solid neoprene rubber plug molded from a deep-engraved pattern. The sturdy aluminum case is pocket-size with a snug-fitting cap. The handle is drilled for a keychain and the cap is labeled to show the impression. Delivery is 5 to 7 working days.

Pak-It Inspection Stamps are made from computer digitized artwork. Pick from our standard designs shown below or we can produce many unique designs. If we do not have a pattern on file, a one-time pattern charge will be charged (Item 10500). For a quote on any special design, fax a sketch or stamped impression.

Quantity Price Breaks and Combination of Designs - IMPORTANT!

All Pak-It Inspection Stamps can be combined for quantity price breaks when they are of the same design. Changes in numbering sequence do not constitute a design change. If the order is for several different designs the quantity price break is allowed only when 10 or more of the same design are ordered.

EXAMPLE #1

Total order of 25 Stamps

Quantity (5), Design #3, would be priced at \$ 10.50 each (5 price)

Quantity (15), Design #6, would be priced at \$ 8.50 each (10 price)

EXAMPLE #2

Total order of 25 Stamps

Quantity (10), Design #3, would be priced at \$ 8.25 each (25 price, 10 of a design)

Quantity (15), Design #6, would be priced at \$ 8.25 each (25 price, 15 of a design)

PAK-IT™ INSPECTION STAMP (ITEM 10501) - PRICE EACH							
1	2	5	10 [N]	25	50	75	100
15.00	12.50	10.50	8.50	8.25	8.00	7.75	7.50

 No. 7 POLY-5 (PENTAGON)	 No. 8 POLY-6 (HEXAGON)	 No. 9 POLY-8 (OCTAGON)	 No. 10 STAR	 No. 11 "R"	 No. 12 "D"

## SELF-INKING INSPECTION STAMPS

Our **Self-Inking Inspection Stamps** have built-in pads good for many thousands of impressions on paper. The pad can be re-inked using regular rubber stamp ink or replaced as needed. With self-inking stamps a color-controlled inspection system is possible. Color impressions cannot be photocopied with most copiers, decreasing forgeries. We make our stamps with a quality laser engraved natural rubber die. Choose from black, red, blue, green or purple pads.

Available in a square (Printy) or round style (2000 Plus) stamp in five sizes as listed.

### ORDERING INSTRUCTIONS

- Submit a stamped sample impression or sketch of the design required. Choose from any of our standard designs or create your own. The design must fit within the size listed. Samples too large to fit the specific style requested will be reduced to fit. For this reason it is best to let us select the best stamp style.
- Indicate the numbering sequence required.
- Specify an ink color.

SELF-INKING INSPECTION STAMP - PRICE EACH							
ITEM		SIZE	1	2	5	10 [N]	25
10136	4921 TRODAT PRINTY	1/2 x 1/2"	15.00	13.75	12.25	11.50	10.95

10191	2000 PLUS PRINTER R-24	1" DIA	16.25	14.75	13.25	12.44	11.85

## PRINTY 4921 WITH RETRACTIBLE KEY-BACK

Here's a handy way to keep your stamp ready to use at all times without taking up space in your pockets. Order your self-inking inspection stamp with a "**Retractable Key-Back**". It has a small clip that attaches to your belt or pocket. Your stamp extends a full 30 inches then "snaps" back home when you've stamped your message. We attach the key back to the stamp itself – not the cap – so you'll always have your stamp ready when you need it.

Available from stock on the Printy 4921 only. If you prefer another style or brand, please call for a special quote.

No. 4921 SELF-INKING INSPECTION STAMP WITH RETRACTIBLE KEY BACK - PRICE EACH

### PI INSPECTION STAMPS

Our **PI Inspection Stamps** are pre-inked stamps featuring a laser-engraved die and special oil-base ink. Good for thousands of sharp impressions on paper only. Re-ink by adding a few drops of our PI Ink directly to the rubber surface. Ink colors are black, red, blue, green or purple.

We manufacture two types of PI Inspection Stamps:

**PI Inspection Stamp** – Pocket size, adjustable for perfect imprints, snug-fitting cap to keep inking surface clean. Available in 1/2" and 3/4" impressions sizes.

**PI Pencil Cap Inspection Stamp** – Made to fit on the end of a pencil. This stamp can also be used with a stem and Retractable Key-Back (see below). Available in 1/2" and 3/4" impression sizes. - Price by quotation.
